John, thank you! As you know, we have been working on PPL system modifications to accommodate shutdown. So I will be sharing the lists with a limited set of our contractor/developer support personnel. We will use the information to create the system login scripts which will be held in the event we need to load them for shutdown and also for the lock-out scripts preventing staff from logging into PPL, again these scripts will be held in the event we need to load them for shutdown.

Pls let me know if you have any questions or concerns. Thanks again.

Heidi

**Subject:** Contingency Planning - Updated Lists from Program/Regional Offices

Attached are updated lists from program and regions in the event we implement on contingency plan for shutdown. This info should only be shared with individuals that have a need for the info. Thanks.
